Beyond the headlines heralding new technological breakthroughs, massive fiscal frauds or terrorist attacks, there are many personal stories of courage and faith as **every day around the world, people risk their lives in the hope of establishing a better life overseas.** Many do not survive these difficult and dangerous journeys and only a few successfully escape the numerous pitfalls that face them. This powerful documentary relives the emotional stories of 3 people as they ride a dangerous roller coaster in the process of escaping from their own country.

Follow the dramatic real-life struggles experienced by Ramon, Khalid and Maria Magdalena, whose will to survive their harrowing experiences is extraordinary.
