Blast back in time and space to experience 15 billion years of history. An eccentric professor hosts this whirlwind journey on a quest for the meaning of life. Taking pen to paper, he recounts the planet's past with his spectacular drawings. His oddball perspective on history keeps viewers laughing and amazed by the breadth of his break-neck odyssey. From the Big Bang to the greenhouse effect, from Greek democracy to the French Revolution, this animated series takes viewers on an amusing joyride through the history of mankind.
